

EVA HANHARDT

City and Environmental Planning Consultant

Eva Hanhardt is a planning consultant with 40 years of experience; she is also a member of the planning faculty at Pratt Institute. Eva's work centers on community-based and environmental planning. She was a planner at the NYC Department of Environmental Protection and the NYC Department of City Planning, where she authored the 1992 NYC Comprehensive Waterfront Plan and Zoning Text and the Hunter's Point Special Mixed Use District. At the Municipal Art Society Planning Center, she managed the "ImagineNY" project, facilitating public participation in decisions about NYC's recovery after 9/11

EXPERIENCE

Collective for Community, Culture and the Environment (CCCE)

Community-based plans including zoning and environmental planning for the Two Bridges area in Manhattan, the East NY project in Brooklyn and the CWG Plan for Chinatown, Manhattan.

Urban & Environ. Planning Consultant

Environmental planning and visioning, environmental impact analysis, and zoning for community clients, non-profit organizations and foundations.

Municipal Art Society

Conducted advocacy, public forums and technical assistance to community based groups in NYC. Directed a public visioning project relating to 9/11 WTC tragedy.

NYC Dept. of Environmental Protection

Implemented an environmental benefits program expending over 3 million dollars. Managed community health studies, and a Geographical Information System.

NYC Department of City Planning

Prepared Waterfront Zoning and Working Waterfront sections of NYC Comprehensive Waterfront Plan. Managed consultants, prepared bi-state plan on Harbor Use Conflicts.

NYC Department of Ports and Trade

Identified sites, developed RFP's, selected teams, and managed contracts for redevelopment of waterfront sites. Developed and implemented policies and programs to promote waterfront access.

EXPERIENCE

Community Service Society

Provided technical assistance to 6 NYC Community Boards serving poverty areas, on budget requests, ULURP's and needs assessments.

NYC Department of City Planning

Provided technical assistance on zoning, housing, economic development, industrial development and human resources issues. ULURP analysis and planning studies for Hunters Point, Maspeth and Woodside.
